## 2010 KALLESKE DODGER TEMPRANILLO

### ★★★★ Top Barossa Tempranillo

*“Rich and flavoursome with good mix of savoury and sweet fruits and nice, dusty tannins. Good drinking now but will also age well with cellaring”.*

**Winestate Magazine**, March/April 2012

### ★★★★

*“From a certified organic and biodynamic producer, this little beauty will work right across the meats board. From white poultry breast to big roast beef, its savoury notes and easy tannins work into a medium bodied-red that suits the season and won't weigh you down”.*

**Tony Love**, *The Advertiser - Taste*, 21 December 2011

### 90+ POINTS

*“Single vineyard wine from Kalleske. Biodynamically grown. Comes in a heavy new – but fantastic, to my eye – proprietary bottle. We have a live one here. It's a very interesting wine to drink. Sweet core of aniseedy fruit matched to earthen and dried herb notes. Feels cool and composed. Like the dry slick of tannin too. Fruity length. Not overdone. Not tarry or marred by alcohol/overt sweetness either. Just a good, medium-bodied, highly-drinkable red wine”.*

**Drink:** 2012 - 2016

**Campbell Mattinson**, *the Wine Front*, 22 November 2011

*“Mmmm... all right then, yummm. Mahogany purplish in appearance, this complex but light to medium-bodied wine boasts a terrific balancing act of flavour, bite and a warm finish. All the blackcurrant, cherry, cloves and nutmeg, violets and earthy aromas you'd care for. I love these, just soak them right up. There's no disappointment in this tempranillo's sweet and savoury palate. And its solid body is a little slice of heaven, making for a great summer red.”*

**Noel Murphy**, *Geelong Advertiser*, 12/01/2012

**This wine is 100% Organic / Biodynamic  
as certified by Australian Certified Organic.**
