2009 KALLESKE JOHANN GEORG SHIRAZ

'GRAND' Gold Medal

MUNDUS VINI BioFach 2012

International Organic Wine Award, Germany

James Halliday's 20 Great Reds

"From a single block of vines planted in 1875, and made in a very small quantity... It is very complex and intense, yet little more than medium-bodied, having a tapestry of aromas and flavours similar to Eduard, with great length. How great will the '10 be?"

James Halliday, Wine Companion June/July 2012

94 Points

"A single vineyard wine, made from vines that were planted in 1875. Grown biodynamically too. Controlled might and power. Dark pitch of weighty, blackberried fruit. Sweet raisins, Christmas cake, malt, toast and raspberry. Has both a brightness and a heaviness. A sensation of both galore-is-more, and tight control. Fruity and flavoursome on the finish... Length, polish, and more."

Drink: 2015 - 2022+

Campbell Mattinson, the Wine Front, January 10th 2012

"The Kalleske label has been one of the emerging stars of Australian wine and the Johann Georg Shiraz shines brightly at the top of an impressive line-up of wines".

Mike Burnett, Launceston Examiner, February 13th 2012

9/10

"I DIDN'T know a wine could be elegant until I tried this Kalleske shiraz. From the first violet drop, the wine exudes class..."

Jenna Meade, Geelong Advertiser, November 24th 2011

This wine is 100% Organic / Biodynamic as certified by Australian Certified Organic.
