Dodger

Our Kalleske vineyard and farm was established at Greenock in the Barossa's North-West in 1853. Since the early 1900s, the 'dodger' has been indispensable in the vineyard. The vine dodger is a mechanical weeder that removes weeds from around the vines whilst dodging the vines themselves. In the early years the dodger was pulled by a horse and steered by hand and then in the 1960s the horse was replaced by a tractor. Fundamentally the dodger hasn't changed much and today it is still used to naturally control the weeds in our vineyards. Dodger Tempranillo is a single vineyard wine that's been grown, vintaged and matured on our Kalleske property. Vigilant grapegrowing, traditional winemaking and maturation in seasoned French oak barrels has resulted in a sophisticated, medium-bodied Tempranillo displaying classic structure and varietal expression typical of our Kalleske vineyard.
