

2010 KALLESKE OLD VINE GRENACHE

★★★★★

"The vines were planted 77 years ago on a property on the outskirts of Greenock owned by the Kalleske family for over 150 years, the vineyard now certified biodynamic. It is richer and with greater depth and structure than many Barossa Valley Grenaches, and its varietal expression has been retained through maturation in older hogsheads for two years. A red wine equivalent of cherries and ice cream".

Drink: 2025

James Halliday, Wine Companion October/November 2012

★★★★★ **TOP CLASS**

"A TOAST TO WINTER - "KALLESKE is a certified biodynamic winery of quality... This is big, robust and red fruit-driven, with roses and spice on the nose. Licorice and smoke add to its complexity. The palate is sweet, full and rich. Warmth enhances grenache".

Trevor Maskell, Herald Sun, May 21st 2012

★★★★★ **TOP SHELF**

"THIS Barossa Valley bottler is 15.5 per cent alcohol but carries it without any hint of over-cooked characters. It is deep purple in the glass and has aromas of bramble jelly and bay leaf. Rich, ripe blackcurrant flavour captures the front of the palate and plum pudding, malt and Turkish delight chocolate fruit elements meld with hazelnutty oak on the middle palate. The finish shows minty tannins".

John Lewis, Newcastle Herald, April 25th 2012

91 Points

"Made from a single vineyard planted in 1935, in the Greenock sub-region of the Barossa Valley. Released in May. Good form, flavour, tannin and length... Brilliantly well fruited. Licorice, black cherries, hay and spice".

Campbell Mattinson, the Wine Front, March 29th 2012

This wine is 100% Organic / Biodynamic as certified by Australian Certified Organic.
