

2014 KALLESKE ZEITGEIST SHIRAZ

90 POINTS

"Biodynamically-grown, wild yeast-fermented, matured in stainless steel (no oak), bottled without sulphur dioxide. Dramatically named and packaged. It's fresh and dark fruited but muscular and strong. Blackberry, coal, cocoa through the aftertaste. Has enough weight to chew on but feels vigourous, even frisky".

James Halliday, Wine Companion

90 POINTS

"Wild yeast fermented Barossa shiraz, straight into stainless steel, no oak, bottled without sulphur dioxide. Certified biodynamic. Fresh, dark, plush. Not difficult to see the appeal. Essence-like blackberry and earth with that coal-like darkness so often found in a good Barossa red. Lifted and lively but not without a bit of brood, a bit of muscle. Cocoa-like aftertaste. Just enough length. Good stuff. Excellent packaging too. Nailed it".

Campbell Mattinson, The Wine Front

"Zeitgeist likely refers to a vogue in lo-fi winemaking practices, resulting in purer expressions of fruit. This shiraz is fermented naturally, with no preservatives added, making it a bright, juicy, wildly perfumed sweet-sour red. Try chilled with something fun, such as a Cherry Ripe".

Mike Bennie, ABC Delicious
