## KALLESKE MOPPA SHIRAZ 2008

### Gold Medal

*BioFach International Organic Wine Awards  
2010 Germany - Gold Medal.*

### 94 Points

“Dark dense purple; a rich, lifted and complex bouquet is followed by a full-bodied and no less complex palate, seemingly riper than the alcohol suggests. There is a lift to the flavour, but whether or not this is due to the trace of viognier and petit Verdot is hard to say”.

*James Halliday,  
Australian Wine Companion 2011 Edition, 2010*

### 91 Points

*Wine of the Week - Sydney Morning Herald*

*This, from one of the Barossa's best young winemakers, Troy Kalleske, is a delicious drop and amazing value when compared to some of the region's more famous brews.*

*Huon Hooke,  
The Sydney Morning Herald, 26th January 2010*

### ★★★★

*“A next-generation Barossa Shiraz that indicates a concerted effort by a legion of family winemakers to show the Australian-style terrior of this region's sub-districts, here using organic grapes sourced from the Kalleske's north-western territory”.*

*Tony Love,  
The Advertiser, Wednesday 10th March 2010*

*This wine is 100% Organic  
as certified by Australian Certified Organic.*
